

Instructions:

1. Cut the measuring tape template out
2. Glue, tape or staple the sections together
3. Measure your dog's neck by wrapping the measuring tape around their neck with one or two fingers between their neck and the measuring tape. Write the number down on the cutout card
4. Measure your dog's chest by wrapping the measuring tape around their chest, about an inch behind their front legs with one or two fingers between their chest and the measuring tape. Write the number down on the cutout card.
5. Measure your dog's length by placing the measuring tape at the back of their neck and measure to the beginning of their tail. Write the number down on the cutout card.
